#### How do I set the US Soccer NDC responses for players for the ITC process?

The US Soccer National Data Center is the new centralized database of all soccer players in the United States. All US Soccer members must submit their player registration data to US Soccer in order to obtain each player's US Soccer ID number, FIFA ID number, and International Transfer Clearance (ITC).

1. Step 1: Click on the player's name to view the profile

- 3. **NOTE:** there are workflow rules in place that are required for passes and official rosters to be printed:
  - a. Player Passes: Players must have a photo and their Proof of Birth must be verified and set to "Yes". If you are a Demosphere Club, your player photos and Proof of Birth statuses will sync to NYSW.

- i. If you need to add photos or proof of birth statuses for your players, click on the player to upload their photo and edit their POB status.
- b. **Official Rosters:** There are various roster rules in place, depending on the team type and age group. If your team or players violate any of NYSW's rules, the player will be highlighted in red and they will not print on the official roster. Hover over the warning symbol to see which rule is being violated:
